REPORT INTRODUCTION

Purpose of the Report

The renewal report is a summary of findings and a resulting recommendation regarding renewal of the charter or contract for an operator-run school. To inform this recommendation, Baltimore City Public Schools collects and analyzes documentation including the School Effectiveness Review (SER) performed on site at each school and the school's renewal application, along with an evaluation of the school's performance based on the Renewal Rubric and consideration of all other relevant information.

City Schools' renewal process reflects the district's priorities and best practices from school systems nationwide. The criteria are also based on state law (§ 9-101, *et seq.*, MD. CODE ANN., EDUC.) and Baltimore City Board of School Commissioners' policy IHB and associated administrative regulations (IHB-RA and JFA-RA). The Board's renewal policy requires that schools up for renewal be evaluated on multiple measures including, but not limited to, the following:

- **student achievement** (constituting at least 50 percent of the renewal score and including measures such as school-wide performance on state assessments, student growth or “value-added” measures, unique indicators, and a school's fidelity to its charter);
- **school climate** (student attendance, suspensions, enrollment, graduation and dropout rates, school choice data, and school survey results from parents, teachers, and students);
- **financial management and governance** (annual audits, school budget submissions, grants management, and relevant documentation provided by the school's board); and
- **effective management** (academic programming for special student populations and school compliance with laws, rules, policies, and regulations).

The renewal process is a component of City Schools' annual review of its school portfolio, designed to ensure that students and families across the district have access to school options that meet their interests and needs. In 2011, City Schools formed the Renewal Stakeholders Working Group (composed of school operators from a range of school types, Supporting Public Schools of Choice, and the Maryland Charter School Network) to develop a methodology for evaluating the performance of operator-run schools. The result: a fair, transparent, and rigorous renewal framework that reflects schools' unique nature and innovative contributions to student achievement, used for the first time in the 2012-13 school year.

At the conclusion of each year's renewal cycle, staff engages key stakeholders in a review of the process to identify areas for improvement that could be addressed while still maintaining a level of predictability for schools up for renewal in the following year. The most recent round of process review considered the complication of the transition from the Maryland School Assessment (MSA) to the Partnership for the Assessment of Readiness for College and Careers (PARCC) assessment and the implications for renewal, given that, to date, a significant portion of the renewal decision has been based on MSA data. Changes made to the framework as a result of this most recent review include the following:

Board approved on January 5, 2016

- Highly Effective Instruction (from the SER) moved to the academic section to decrease weight of MSA (temporary change for the 2014-15 and 2015-16 school years);
- 2013 MSA data used, but with reduced weights for absolute, growth, and trend (temporary change for the 2014-15 and 2015-16 school years);
- Northwest Evaluation Association (NWEA) allowed as alternative for absolute, trend, and growth measures (previously was allowed as alternative for growth only; temporary change for the 2014-15 and 2015-16 school years); and
- audit submission and state/federal grant management collapsed into the Operator Capacity measure.

The Process

The review process has the following components:

- Renewal Rubric (includes data from standardized assessments, school surveys, and the 5 Essentials Survey)
- Application for renewal
- Data tables prepared by City Schools
- School Effectiveness Review

The New and Charter School Advisory Board, a cross-representational group made up of members representing foundations, nonprofit organizations, school choice advocates, school operators, and district representatives, reviews each of these components and makes recommendations to City Schools' CEO on whether schools should be renewed. The CEO's renewal recommendations are then voted on by the Baltimore City Board of School Commissioners. According to Board policy, City Schools may determine that a public charter school is eligible for a five-year contract term, three-year contract term, or nonrenewal.

Actions	Timeline
Schools submit renewal applications	September 3, 2015
New and Charter School Advisory Board reviews renewal applications and makes recommendations to the CEO	September to October , 2015
District presents recommendations to Board at public meeting	November 10, 2015
Board conducts public work session for operators	November 18, 2015
Board votes on renewal recommendations	January 5, 2016

Board approved on January 5, 2016

Baltimore Montessori Public Charter School #336

Operator: Baltimore Montessori, Inc.

Configuration: Elementary/Middle School (serves grades PreK-6)

Type: Charter

Enrollment: 284 (as of September 30, 2015)

Recommendation:

Five-year renewal

Note: Baltimore Montessori Public Charter Middle School shares a principal, staff, and location with Baltimore Montessori Public Charter School. In response to a request made by the school operators in its renewal application, City Schools recommends that the two schools merge and operate as a single school beginning in the 2016-17 school year. For record-keeping purposes, this merger will be documented as closure of Baltimore City Public Charter Middle School and addition of grades 6 to 8 to Baltimore Montessori Public Charter School, which will be configured as an elementary/middle school serving pre-k to grade 8.

Renewal summary

Category	Finding
Is the school an academic success? (min. 50% weight)	Effective
Does the school have a strong school climate?	Highly Effective
Has the school followed sufficient governance management and governance practices?	Highly Effective
Has the school followed sufficient financial management and practices?*	Effective

* Financial management considers a review of the operator's audits over the contract term. "Effective" is the highest rating available.

Discussion

On January 5, 2016, the Baltimore City Board of School Commissioners approved the recommendation that the contract with Baltimore Montessori Inc., to operate Baltimore Montessori Public Charter School be renewed for five years (July 1, 2016 – June 30, 2021) and that the school merge with Baltimore Montessori Middle School becoming one school in school year 2016-17 serving students in grades prekindergarten through eight.

The school was rated effective in academics and highly effective in climate and governance. The rating is pending for financial management.

The school was rated highly effective for its absolute performance on the 2013 MSA in reading (placing in the 86th percentile, with 85.3 percent of students proficient or advanced). The school was rated not effective on the 2013 MSA in math (placing in the 44th percentile, with 68.8 percent of students proficient or advanced). Performance on state assessments in the area of math was a concern in the last renewal review of this school with regards to gaps in performance between white and African American students. While gaps in performance between white students (82.6% proficient or advanced) and African American students (39.4% proficient or advanced) are still evident in the 2013 MSA math results, evidence of affirmative steps to monitor and improve performance in this area were documented in the School Effectiveness Review (SER), and City Schools expects that these new strategies will address the subgroup gaps during the term of the new contract. The school was rated highly effective in the area of highly effective instruction based on the SER, which considers how teachers plan and deliver instruction, adjust instruction based on data, and create a positive classroom environment, and how school leaders support the instructional program at the school. The school was rated highly effective in teacher satisfaction as evidenced by the 5 Essentials Survey. Research indicates that schools that perform well on the 5 Essentials Survey are likely to improve student learning. The school was rated highly effective in student satisfaction and parent satisfaction as evidenced by City Schools' school survey. Finally, the school was rated highly effective in vision and engagement as evidenced by the SER.

Findings (elementary rubric)

Category 1, Academics: Is the school an academic success?

Renewal Metric		Rating
1.1 Absolute Student Achievement	Percent of students proficient or advanced, MSA math (grades 3 to 5)	Not Effective
	Percent of students proficient or advanced, MSA reading (grades 3 to 5)	Highly Effective
1.2 Student Achievement Trend	Change in percent of students proficient or advanced, MSA math (grades 3 to 5)	Highly Effective
	Change in percent of students proficient or advanced, MSA reading (grades 3 to 5)	Not Effective
1.3 Student Achievement Growth	Percent of students who have improved scale scores within a proficiency rating or moved to a higher level of proficiency from one year to the next, averaged over time, MSA reading (grades 3 to 5)	Developing

	Percent of students who have improved scale scores within a proficiency rating or moved to a higher level of proficiency from one year to the next, averaged over time, MSA math (grades 3 to 5)	Not Effective
1.4 SER, Highly Effective Instruction	SER score in this category	Highly Effective
1.5 Fidelity to Charter/Application Overall	The extent to which the school has fully implemented the mission expressed in its charter application and this mission is clear to all stakeholders; the extent to which the school has delivered high-quality programming for all student subgroups; the extent to which the school gathers data to assess its efficacy and has effectively addressed any challenges evident in the data, particularly in the areas of subgroup performance, enrollment, student attendance, dropout rates, attrition, and student choice data/school demand	Highly Effective
Overall rating for Category 1, Academics		Effective

Category 2, Climate: Does the school have a strong climate?

Renewal Metric		Rating
2.1 SER, Talented People	SER score in this category	Highly Effective
2.2 SER, Vision and Engagement	SER score in this category	Highly Effective
2.3 Parent, Teacher, and Student Satisfaction	5 Essentials Survey rating, teachers and secondary students	Highly Effective
	School survey rating, elementary students	Highly Effective
	School survey rating, parents	Highly Effective
2.4 Cohort Retention	School's student cohort retention two years after entry	Highly Effective
2.5 Student Attendance, Chronic Absence	The extent to which the school has implemented effective strategies that have kept student attendance high and chronic absence low over the course of the contract	Effective

2.6 Suspensions	The extent to which the school has implemented effective strategies that have kept suspensions low over the course of the contract	Highly Effective
2.7 Effective Programming for Students with Disabilities	The extent to which the school has demonstrated a strong trajectory of growth, is aware of its data and responsibilities to students with disabilities, does not have any gaps or has decreased gaps in the data as they relate to performance and climate metrics for students with disabilities over time, and has effectively and consistently implemented processes, interventions, and strategies to support positive student outcomes over the course of the contract	Developing
Overall rating for Category 2, Climate		Highly Effective

Category 3, Finance and Governance: Has the school followed sufficient financial management and governance practices?

Renewal Metric		Rating
3.1 Audit Content, Internal Controls	The extent to which the school's independent auditor's reports offer unqualified opinions and no management points in each of the years of the charter term; the extent to which statements of cash flow and ratio of assets to liabilities indicate that the operator has strong performance on its short-term liquidity measure	Effective (highest rating available)
Overall rating on Financial Management		Effective
3.2 Operator Capacity	The extent to which the school has operated effectively and the operator has consistently met all state and federal reporting requirements and critical district or federal obligations and has not received any Notices of Concern or Notices of Reprimand during the contract period (evidence that may be considered includes compliance with state or federal reporting requirements, budget submissions, monitoring reports, quarterly reports, and the relative number, frequency, and severity of Notices of Concern or Notices of Reprimand)	Highly Effective
3.3 SER, Strategic Leadership/Governance	SER score in this category	Highly Effective
Overall rating on Governance		Highly Effective
